April 5, 2007

Dear Valued Customer;

Due to recent cost increases that we have absorbed, we find it necessary to implement a price increase on our Roll Grooved machines.

Effective Monday April 30, 2007, Tyco Fire & Building Products will increase its published List Prices on all Roll Grooved machines and parts by approximately 3%.

The increase will be effective for all orders placed on and after Monday April 30. Orders placed prior to April 30, for immediate shipment, will be processed at the existing price schedule. A price addendum to our List Price Schedule dated March 13, 2007 will be available on our web site by April 16.

We thank you for your continued support, and we look forward to being of service to you.

Regards

David Read
National Product Manager
